

CALE[®]3DPRIME

PREMIUM FLOOR AND WALL DESIGN

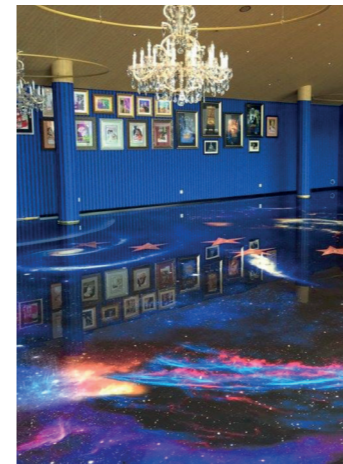

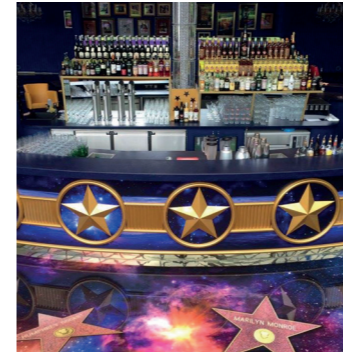

OUR SERVICES

*3D floors, 3D walls, decoration floors,
floors with company logo, industrial floors.*

Whether as a part of house building, renovation or restoration, we guarantee for unique 3D and other floor coatings; for this reason all our floors are designed to give a distinct, personalized character to the place of installation. Our 3D floors and exclusive coatings are wear-resistant, durable, representative or simply fascinating. Convince yourself of the quality of our services.

WITH ELEGANCE AND STYLE

OUR PRODUCTS

PATENTED SYSTEM

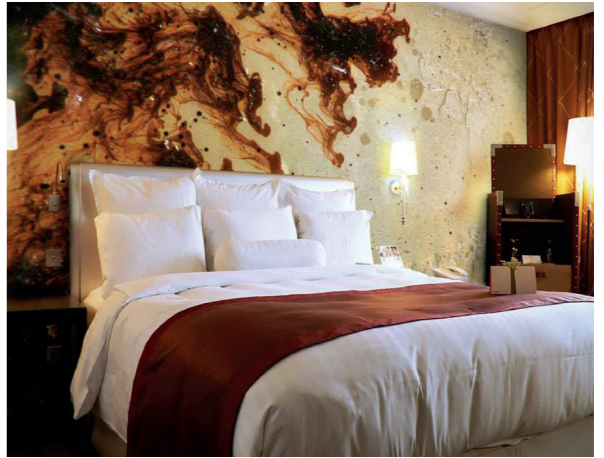

WATER RESISTANCE

MAXIMUM UV-RESISTANCE

Our products are made out of seven layers of liquid glass for extremely heavy traffic areas and are available from smooth to nonslip. The original technique was developed by [CALE³DPRIME](#) and is created only in Austria. The motives you choose can be decorated with additional materials such as Swarovski crystals, leaf gold and LED technology.

ANY DESIGN YOU CAN IMAGINE

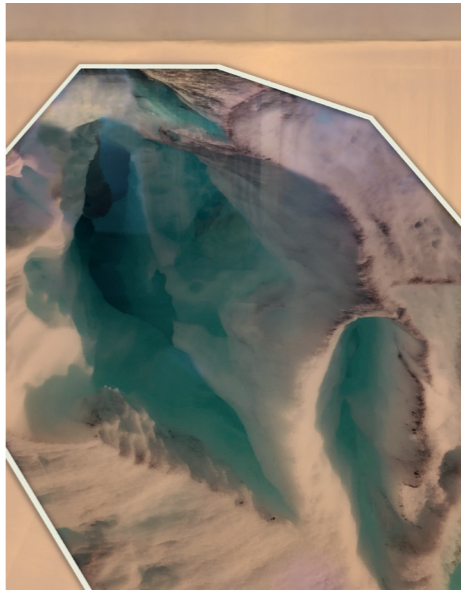

Compared to commonly known and conventional coatings and other flooring types, 3D floors have no limitations regarding the choice of colors, patterns, images, etc. You are able to create your own design. This is the highest level of exclusivity!

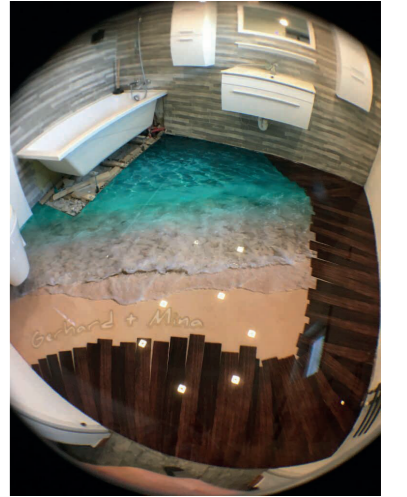

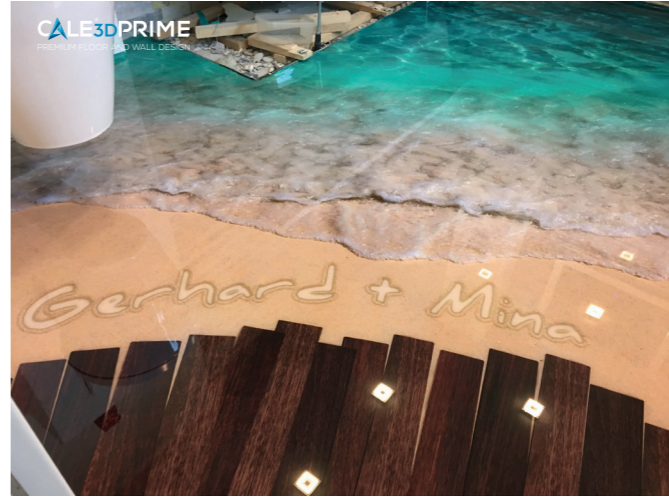

AMAZING EFFECTS

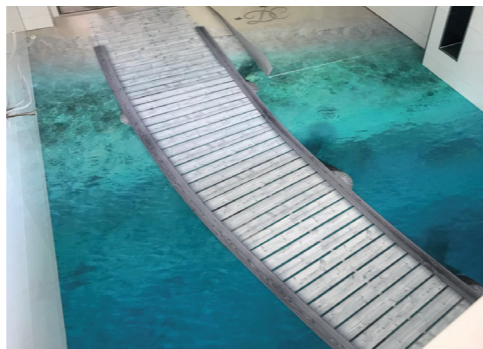

On demand we also work with exclusive materials such as Swarovski crystals, leaf gold or LED technology.
